surgiForce
The ultimate surgeon’s chair for microsurgery.

Order No. 26000000

ADVANTAGES

Armrests
- The individually adjustable armrests can be adjusted via the foot switches and the one-hand release

Seating system
- Our unique dynamic seating system supports correct sitting postures while protecting your back
- Seat height adjustment is also effected electronically, via the foot switches

Chassis
- The cast-aluminum lightweight chassis featuring double casters and a central brake provides maximum stability and at the same time unlimited mobility
- Battery operation for power supply-independent use
- Foot control element for seat height and armrest height adjustment; acoustic signal tone signaling the switch-over from armrest height to seat height adjustment
## EQUIPMENT

- Central brake acting on 4 wheels.
- Both seat height adjustment and armrest height adjustment are effected electronically via the foot control element.
- Ergonomically shaped push handles for easy maneuvering.
- The individually adjustable stainless-steel armrests can be adjusted via the foot switches and the one-hand release.
- “Dynamic™” seating system: our unique dynamic seating system supports correct sittings posture while protecting your back.
